

A photograph of a man with glasses and a dark blue t-shirt carrying a young boy on his shoulders. The boy is wearing a red shirt and a purple scarf. They are both smiling and have their arms raised in a celebratory gesture. The background is a green golf course with trees and a cloudy sky.

GOLF FOR BABIES

SPONSORSHIP PROPOSAL

WHEN

June 2, 2020

WHERE

The Golf Club at Lansdowne

MARCH OF DIMES LEADS THE FIGHT FOR THE HEALTH OF ALL MOMS AND BABIES.

We believe that every baby deserves the best possible start. Unfortunately, not all babies get one. **We are changing that.** From advocacy to education to research, we're working to level the playing field so that all moms and babies are healthy. Because when a society supports every family, the future is brighter for us all. And when communities work together, even the toughest problems can be solved.

OUR ORGANIZATION DOES THIS BY:

- Supporting research toward solutions that ensure every baby is born healthy.
- Advocating for policies that prioritize the health of moms and babies.
- Providing resources and programs to help moms before, during and after pregnancy.
- Educating medical professionals on known solutions to improve the care that moms and babies receive.
- Uniting local communities across the nation through events and collaboratives.
- Partnering with organizations and companies committed to helping moms and their families.

EACH YEAR IN THE UNITED STATES:

- Nearly 4 million babies are born.
- Nearly half a million babies are born prematurely or with birth defects.
- More than 23,000 babies die before reaching their first birthday.
- In addition to the human toll, the societal cost of premature birth is more than \$26 billion per year.

IN THE LAST YEAR:

- We funded research grants totaling nearly \$16.7 million.
- We invested \$5.56 million in maternal and child health community grants.
- More than 80,000 families with a newborn in intensive care were offered comfort and information through NICU Family Support®.
- About 16,000 babies in the U.S. received life-saving surfactant therapy developed with funding from March of Dimes.
