

Campaign to end premature birth

The March of Dimes acknowledges a special group of donors who, in 2016, pledged to support the Campaign to End Premature Birth. The campaign is our high-priority, major gifts initiative powered by generous supporters who are part of the movement to unite health care providers, researchers, hospitals, insurers, public health officials, public policy experts and others to realize a future with far fewer preterm births and far more babies born healthy and full term. The March of Dimes is incredibly grateful and recognizes these new pledges and gifts initiated in 2016:

Abbott Laboratories, Inc.
Patricia Alridge
Kara Altenbaumer-Price
David Batelaan

2016 Annual report donor list

The March of Dimes acknowledges the generosity of all donors who made gifts between January 1, 2016 and December 31, 2016. These gifts fuel our determination to find the causes of and preventions for premature birth and other infant health problems. We also recognize the millions of people who support us in so many ways throughout the year who may not be recognized by name here.
