

Campaign to End Premature Birth

The March of Dimes acknowledges a special group of donors who, in 2015, pledged to support the Campaign to End Premature Birth. The campaign is our high-priority, major gifts initiative powered by generous supporters who are part of the movement to unite health care providers, researchers, hospitals, insurers, public health officials, public policy experts and others to realize a future with far fewer preterm births and far more babies born healthy and full term. The March of Dimes is incredibly grateful and recognizes these new pledges and gifts initiated in 2015:

2015 Annual Report donor list

The March of Dimes acknowledges the generosity of all donors who made gifts between January 1, 2015, and December 31, 2015. These gifts fuel our determination to find causes of and preventions for premature birth and other infant health problems. Space does not allow us to recognize the millions of individuals, companies and foundations that support our mission, but we are grateful to all of them.
