AGENDA FOR TODAY'S MEETING

Welcome

Structuring the Resource Guide

Dissemination/Outreach of Resource Guide

Distribution of Tasks

Next Steps

Adjourn

2018-2019 SDOH WORK CYCLE

KEY STRATEGIES

- Optimize clinical and public health systems and practices to improve the health of women and adolescents. Ensure all women receive high quality prenatal care.
- Foster and support community/ place-based leadership and engagement. Foster and support population-based solutions.

DRAFT OUTLINE OF RESOURCE GUIDE

- I. Introduction**
 - I. Table of Contents**
 - II. Background (incorporate literature review findings)**
 - III. Key Terms and Definitions**
 - IV. Objectives and Goals of the Resource Guide**
 - V. Acknowledgements and Authors/Organizations**
- II. Current Tools Available**
 - I. SDOH Screening Tool Grid – assessment of each tool**
 - II. Information on current tools successes or failures – performance measures**
 - I. Help providers/community health works inform their selection of adequate screening tool**
- III. Developing Self-Made Screening Tool**
 - I. Examples of screening questions**
 - I. By population**
 - II. By community resource need**
 - II. Guidelines on how providers can handle sensitive issues and ask appropriate questions**
- IV. Sharing Stories and Best Practices**
- V. Implementation of Screening Tools and Best Practices**
 - I. How providers can implement in their work environments**
 - II. How referral and follow-up process works (referral network roadmap)**
 - III. Reimbursements and funding**
- VI. Glossary**
- VII. Appendix**

THOUGHTS?

- Is this outline going in the right direction?
- What would you add or omit?
- How do you envision this resource guide to look?
- What would your overall approach be?
- Have you had experience developing a guide?
What can you share?

UTILIZATION/UPTAKE AND DISSEMINATION

- What does the end result look like and its distribution?
 - Social media outreach
 - Organization buy-in
 - Healthcare institution buy-in
- How do we measure its success? How effective or how useful is this guide to its end users?
 - Long term follow ups with providers (interviews, surveys)
 - Data collection on progress and utilization

DISTRIBUTING TASKS

- What is the best way to work on this resource guide and its dissemination?
 - Is detailing the task list even further helpful? Can you help detail the tasks?
 - Should 2-3 people work on a section?
 - What are our deadlines?
 - Should we have a specific role for each person? (editor, proofreader, writer, researcher, designer, etc.)

TASK	TASK LEAD BY
Writing the introduction, objectives, and goals of the resource guide	
Outline and format the overall guide (section placement)	
Edit and proofread resource guide once completed	Faith Ramirez
Compiling all screening tools and providing assessments	
Providing and writing guidelines on how healthcare professionals handle sensitive issues	Monica Koenig
Gathering and writing implementation strategies	Martha and Jill
Providing and writing guidelines on referral process	
Identifying follow-up strategies after patient is referred to a resource	
Gathering supporting data to create support visual aids (charts, graphs, etc)	
Providing information on general reimbursement opportunities and policies	
Contacting chosen member organizations that can assist in distribution of the guide	Faith Ramirez
Identify social media outreach opportunities	
Create referral network roadmap	
Identify ways on how to measure the progress of utilization	Shannon Maloney
Identifying stories and best practices
