STUDENTS FOR BABIES

Our Change War Supporting March for Babies

Week 1
Each day of the week we ask students help their classroom win the Change War at our school by bringing in coins and/or dollars to help support the March for Babies. The goal this week is to have the most money in your bucket.

Week 2
Instead of having the most coins in your bucket your goal will be to donate to other classrooms helping to fill their bucket. The goal this week is to have the LEAST amount of money in your bucket.

Use your March of Dimes coin box to help bring in your donations to school each day.
