

PREMATURE BIRTH

15 million babies are born too soon every year.

CRISIS

Premature birth kills **1 baby** every **30 seconds**.

More children die

as a result of being born too soon than from AIDS, malaria or diarrhea.

The survival gap

Where you are born makes a big difference in your chances of surviving premature birth.

High-income countries: **10% die***

Low-income countries: **90% die***

CARE

More than **75%**

of deaths can be prevented even without intensive care.

Warmth
Skin-to-skin holding and swaddling help babies stay warm.

Breathing
At \$1 per shot, steroids help babies' lungs mature in the womb.

Nutrition
Early and exclusive breastfeeding is best.

Hygiene
A clean environment helps reduce the risk of infections.

Protection
Sunflower oil protects babies' skin and prevents infections.

PREVENTION

STOP babies from being born too soon.

SHARE this message.

- Raise awareness
- Educate girls and women
- Educate front-line workers
- Equip clinics
- Fund research
