**Resources for Maternal-Child Health (MCH) Data**

National and state data are released by the Centers for Disease Control and Prevention National Vital Statistics System: http://www.cdc.gov/nchs/nvss.htm

State and local health departments may have important reporting regarding MCH available on their websites.

Updated analyses of national and state data are available from March of Dimes Peristats, which provides access to national, state, county and city MCH data: www.marchofdimes.com/peristats
